

Faculty Development Peer Reviewer Report Form

Name of Learning Material:	
MERLOT URL:	
Learning Material URL:	
Reviewer's Name:	
Date Review Completed:	
Review Time Required:	

Description

1. Overview: (What is the subject matter, features and descriptions, uses and applications as well as the type of material)	
2. Describe the Purpose or Use of this Resource.	
3. Describe the Target Population for this Resource. (Instructor (classroom or online, novice or experienced), faculty support professional.)	
4. Identify prerequisite knowledge or skills needed to use this material. (Computer or software skills, other miscellaneous skills.)	
5. Identify the type of material this is. (General MERLOT categories—animation, simulation, tutorial, drill and practice, lecture, presentation, case study, collection, reference material.)	
6. Describe the recommended use(s) of this material. (Independent study, workshop handout, training material)	
7. Identify the technical requirements for this material. (Special browser, software or plug-in, JAVA, HTML)	

Evaluation and Observations: After reviewing the learning material, please indicate your agreement with the following statements by placing an "x" in the applicable column where 5=excellent or strongly agree and 1=poor or strongly disagree.

1. Quality of Content – The Learning Material...	Strongly Agree	Agree	Neither Agree	Disagree	Strongly Disagree	N/A
...presents valid/accurate concepts, models, and skills						
...presents educationally significant concepts, models and skills for teaching with						

technology					
...complete in scope and ready for use					
...where appropriate, valid/accurate references, bibliographies, and other supporting materials are provided					
	5	3	1	0	
Enter a numerical value that summarizes your attitudes above.					
Strengths (Review the ratings above and indicate the outstanding features of the quality of the Resource)					
Concerns (What are some problems in the Resource as far as quality?)					
2. Potential Effectiveness as a Teaching Tool/This Learning Material... asking you to judge, based on your expertise as a teacher or faculty development professional, if the resource is likely to improve support for instruction in higher education by increasing their knowledge, productivity, and professional effectiveness in teaching.					
...gives a clear articulation of the purpose/goals of the resource					
...the user will be able to effectively achieve these goals					
...compared to other methods of teaching the same concept, models, or skills, this resource is just as effective or better					
...the content level is appropriate for higher education instructors					
...the resource as appeal – visual, auditory					
...it prompts the user to go further...it promotes creative use beyond the site					
...it intrigues the user intellectually					
...it is engaging; it pulls the user in ; it is a sticky site					
...it is interactive; it does so effectively					
...if the resource is interactive, it provides feedback about the user's response					
...it provides effective introductions, overviews and summaries where applicable					
...it allows for connections to community; it supports community interactions					
...it appeals/accommodates different styles of learning					
...it prompts users to adapt/experiment with ideas in their own disciplines					
...there is a vehicle/mechanism for contacting the author of the site for consultation/questions					
Overall, learning material is a very effective teaching tool					
	5	3	1	0
