MERLOT SmartSearch

Every search in MERLOT gives you **three** sets of results

The screenshot displays the MERLOT SmartSearch interface. At the top, there is a navigation bar with the MERLOT logo and menu items: Browse, Add, Communities, Partner, Blogs, News & Events, and About MERLOT. A search bar is located below the navigation bar, with the text 'Search keywords, URL, ISBN, or ISSN' and a 'Go' button. Below the search bar, there are three tabs: 'MERLOT Collection', 'Other Libraries', and 'The Web'. The main content area shows search results for the query 'art'. The results are displayed in a grid format, with each result card containing a title, a logo, a brief description, and a 'Bookmark' button. The results include: 'Ideas about Art' (TED), 'How to do visual (formal) analysis in...' (KHANACADEMY), 'R14 | BA (Honours) Arts and...' (The Open University), 'What is poetry? - OpenLearn - Open...', 'PLOS ONE: accelerating the...', 'Hewlett Foundation', 'CS50's introduction to Computer...', and 'Getting started on classical Latin ...' (OpenLearn). A filter sidebar on the left allows users to filter results by Library, Discipline, Creative Commons, and Last Update.
